# CODING CLASS

## “Computer Coding Class”

Do you wonder what it takes to create websites? Bring your own designs to life, learn about tech companies in your community, and compete in hackathons and win awesome prizes.

This class will provide an introduction to Web Development. The class is taught online by professional web developers, who teach from their experience. Mentors will provide you with the skills to pursue a college major in tech or a career in tech.

**When:** Tuesdays & Thursday, 4PM-5:30PM.

**Where:** Monroe YABC – 1300 Boynton Ave, Bronx, NY

(Though taught online, students must attend in person at Monroe YABC.)

**Getting There:** Take the #6 train to the Elder Ave station. Then walk 5 minutes.

**How to Enroll:** Please speak with your guidance counselor for more info.
